IMPORTANT NOTES

Buying an investment-linked policy involves investment risk, including possible loss of principal. The performance of the sub-funds is not guaranteed and the value of units may fall as well as rise.

DISTRIBUTION COST DISCLOSURE

Distribution costs, including commission paid to the servicing financial services consultant, are disclosed in the Benefit Illustration and Fund Summary provided at point of sale.

TAX TREATMENT

Death and Critical Illness benefits paid under this Policy are generally not subject to income tax in Singapore. Sub-fund distributions and gains within the Policy are not separately taxed to the Policy Owner. This is general guidance only, not tax advice.
