AVAILABLE RIDERS

AIA Secure Guard Term can be enhanced with the following optional riders, each underwritten and priced separately.

EARLY CRITICAL ILLNESS RIDER

Pays 50% of the rider sum assured, up to SGD 200,000, upon diagnosis of one of 40 covered early-stage critical illnesses, including early-stage cancer, mild stroke, and early-stage major organ failure. The Death and TPD sum assured under the base plan is reduced by any amount paid under this rider.

PAYOR PREMIUM WAIVER RIDER

Waives all future premiums on this Policy if the Policy Owner (where different from the Life Assured) dies or becomes Totally and Permanently Disabled before age 60, ensuring the Life Assured’s coverage continues uninterrupted.

ACCIDENTAL DEATH BENEFIT RIDER

Pays an additional 100% of the rider sum assured, up to SGD 500,000, if death results directly from an accident within 90 days of the accident occurring.

HOSPITAL CASH RIDER

Pays a fixed daily cash benefit for each night of hospitalization, up to 180 days per policy year, to help offset non-medical costs during a hospital stay unrelated to the base death benefit.
